

The leather glasses-stand - KAKISHIBU series -

▼Handmade “KAKISHIBU series” by Japanese leather craftsman!

The leather glasses-stand is made by Japanese craftsmen with selected natural materials and traditional craft.

The surface seems as if natural tree.

You will see the leather color changing deeper as you keep using it!

*KAKISHIBU means an astringent persimmon extract.

▼How to enjoy the glasses stand!

When you want to take off your glasses for a moment, you can keep them as if you decorated art objects. You don't need to worry about scratch due to the stand because the bottom part is made by polyester of the suede-like.
